

Vicarage Drove Energy Centre Ltd

I hope this letter finds you well. My name is Lisa Wilson and I am contacting you on behalf of European Energy UK Ltd and Vicarage Drove Energy Centre Ltd, the forthcoming solar energy project located near Bicker Fen.

Having secured all necessary planning permissions and permits for the site and traffic route, we will begin the preparation stages of the development from 17th July 2024.

Throughout the project, we will coordinate with National Grid and AGR, who are developing another site in the area, to ensure our traffic management plan is aligned. Our team is dedicated to reducing disruption wherever possible, and we appreciate your patience and understanding during this period.

About European Energy:

Established in 2004, European Energy specialises in the development, financing, construction, and operation of wind and solar farms. Today, we are dedicated to ensuring a consistent supply of green energy to meet the diverse energy needs of society. Vicarage Drove Energy Centre Ltd is a wholly owned project development company and subsidiary of European Energy.

Community Engagement:

We place great importance on fostering positive relationships within the community and we are committed to transparent communication and regular dialogue. Regular updates will be posted on the project website. If you have any concerns or queries, please feel free to contact us.

Kind regards

Lisa Wilson

Project Communications Manager
