

Great House Solar Farm

I hope this letter finds you well. My name is Lisa Wilson (Project Communications Manager), and I am contacting you on behalf of European Energy UK Ltd regarding the forthcoming solar energy project located approximately 4km southeast of Abergavenny, and immediately north of Penpergwym.

Having secured all necessary planning permissions and permits for the site and traffic route, development will begin on March 3rd 2025. Our team is dedicated to reducing disruption wherever possible and we appreciate your patience and understanding during this period. I have also included some information about our company and about the project.

About European Energy:

Established in 2004, European Energy specialises in the development, financing, construction, and operation of wind and solar farms. Over the past 19 years, our commitment to renewable energy has positioned us as a key player in the industry. Today, we are dedicated to ensuring a consistent supply of green energy to meet the diverse energy needs of society. Great House Solar Farm is a wholly owned project development company and subsidiary of European Energy.

Community Engagement:

We place great importance on fostering positive relationships within the community and we are committed to transparent communication and regular dialogue. We welcome the opportunity to provide more details on the upcoming development stages and will regularly update our website,
